### WHO WE ARE

Genesis and Gilgal construction ltd (GGC) is multi-engineering services company which is specialized in construction, project management, design and planning.

Genesis and Gilgal Construction mostly deal with General construction projects, Real estate projects and other engineering projects.

Genesis and Gilgal Construction helps customers to transform ideas into built infrastructures that has power to transform communities, protect people and environment, reduce carbon emissions, maintain critical safety and solve some of the world's greatest challenges

### HISTORY BACKGROUND

Genesis and Gilgal Construction founded in 2010 by Visionary engineer who became game changer in construction in Rwanda and worldwide.

Genesis and Gilgal started with limited capacity as starting company but yearly growing in capacity, experience and technology. As growing firm Genesis and Gilgal construction is now unlimited in construction and engineering service provision.

The company started with small team and low capacity, and now company has a technical team of engineers who have over 30 years of experience and who have worked extensively on diverse and challenging engineering projects for a variety of clients throughout the east and central Africa region and beyond.

The founding core group had prior work experience with each other for over past 13 years and each brought different area of specialty related to construction and water resource, real estate, civil and irrigation projects to firm. Currently, the engineering staff at GGC has backgrounds in civil, geotechnical, geological, structural, hydraulic, hydrologic, interior designs and construction engineering.

### VISION

AS a leading voice in the construction sector, our mission is to enhance demand and support for construction and related services. In pursuit of this mission, Genesis and Gilgal Construction Ltd will pursue milestones in the few key areas;

- Conduct business with integrity and fairness
- Provide safe and friendly construction technologies to our clients
- Focus on client's needs.
- A positive public image of the construction sector;
- A well informed and highly skilled construction membership;
- A favorable, fair environment for construction sector with significant influence in decision makers;
- Leading accurate and timely information and business tools for the conduct of construction and related business;

### MISSION

- Be Fast
- Be Global
- Serve nation

### OBJECTIVE

- To provide our clients with quality construction services and accountable
- To be the leading construction company in Africa and global market;
- To become the customers preferred choice by sustaining excellence in quality management and timely completion of project through use of valueaddition; between members
- To establish and maintain standard methods of practice and other stakeholders of the construction industry;

### WHAT WE DO

Genesis and Gilgal construction is specialized in construction, project management and design and planning.

As Modern engineering company Genesis and Gilgal is not limited in providing engineering services, the following are services offered by Genesis and Gilgal Construction:

#### **Our Major Services are:**

**General Construction Engineering**

**Dam and Reservoir Engineering**

**Geotechnical and Geological  
Engineering**

**Hydraulic and Hydrologic Engineering**

**Road and Bridge Engineering**

**Irrigation project design and Installation**

**Energy systems design and engineering**

**New build real estate in green and brown  
field sites**

**Low cost housing innovations**

**Renovations, remodeling and  
repurposing buildings**

**Real Estate Construction**

**Industrial construction Engineering**

**Fuel station Construction**

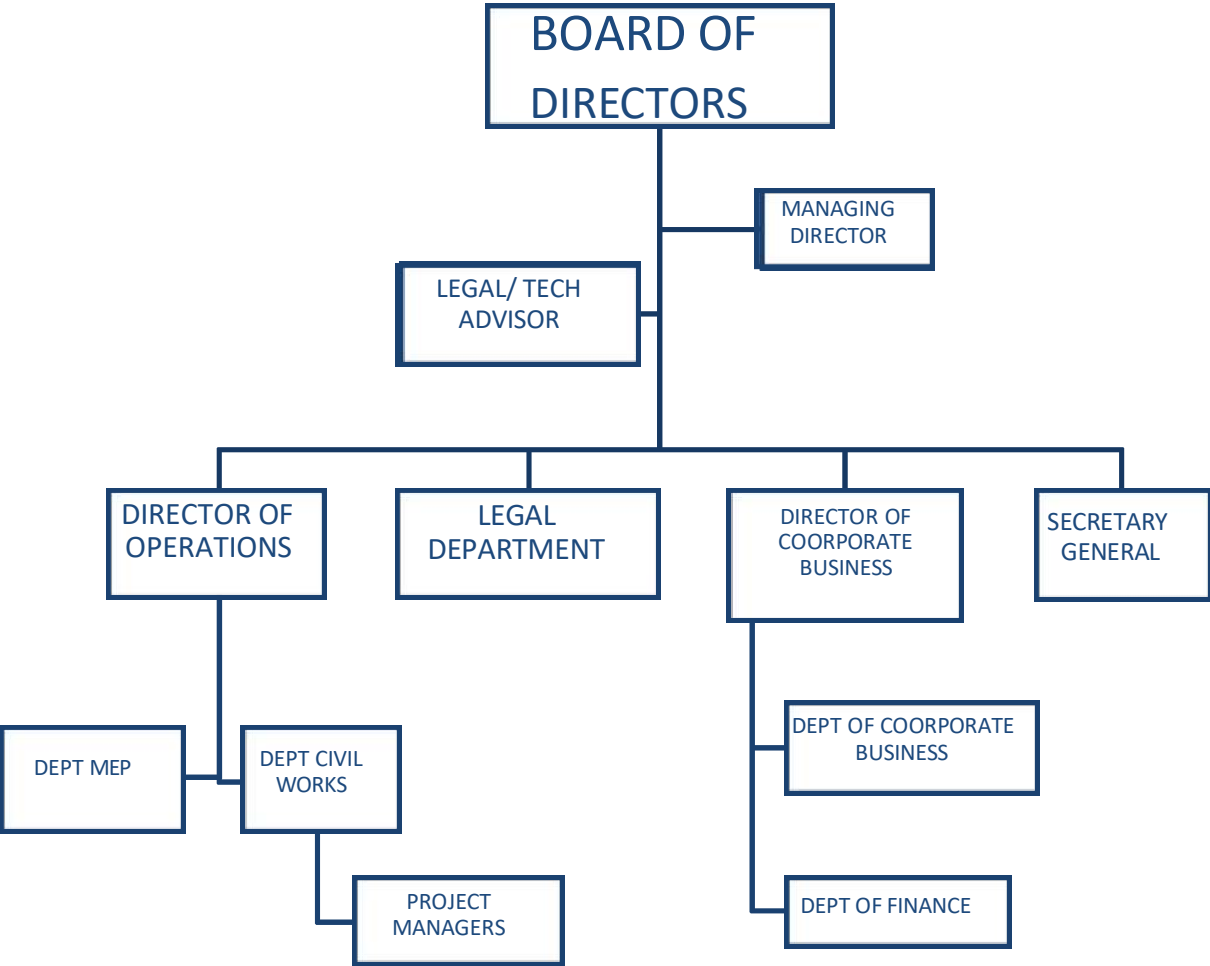

MANAGEMENT TEAM

Genesis and Gilgal construction have proper structure of management and leadership and each and every board have his/her responsibilities to company’s activity and position.

## FINANCIAL CAPACITY

Genesis and Gilgal Construction have estimated financial capacity of 4\$ Million USD in year 2023.

## MACHINERY AND EQUIPMENT CAPACITY

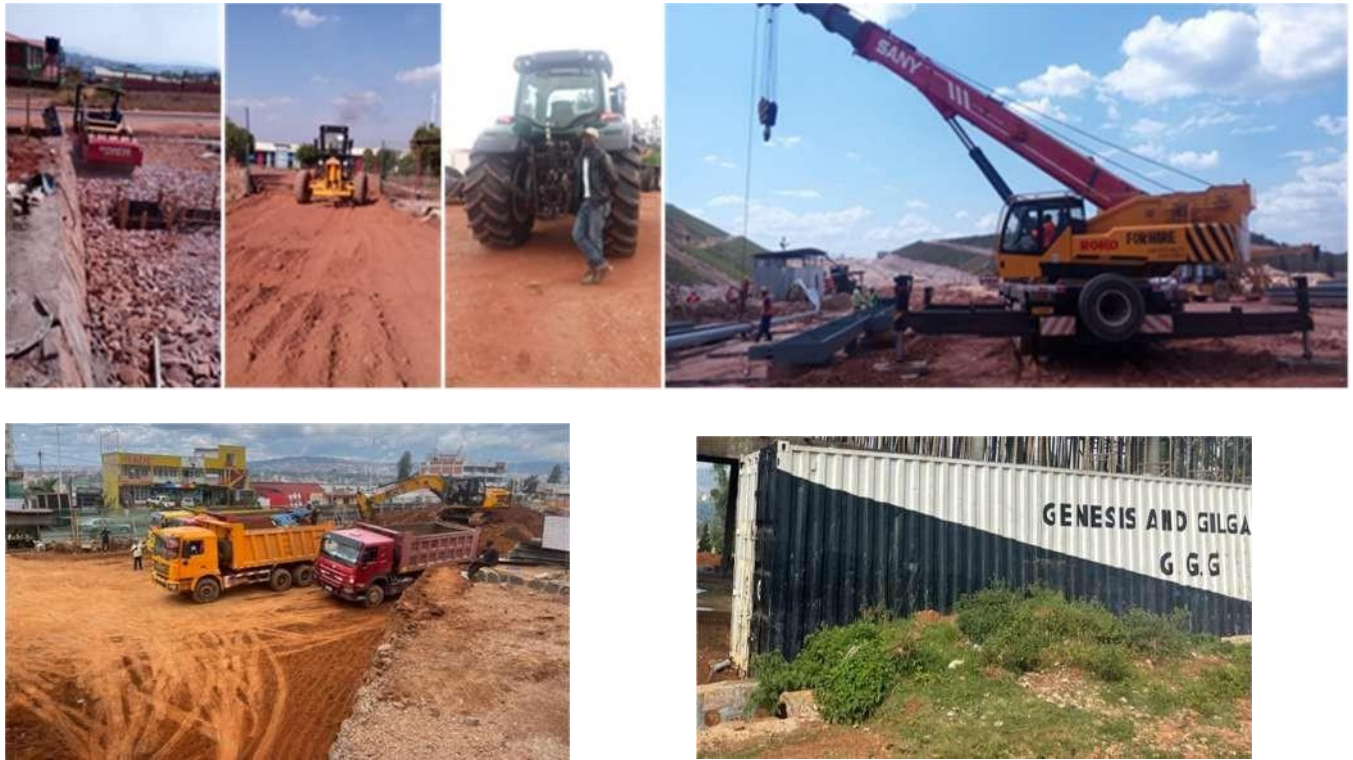

According to the project Genesis and Gilgal construction is capable for machine and other engineering equipment required for completing a given project.

**The equipment available for projects are listed below**

No	Description	CONDITION	Number
1	Bulldozer	Good	1
2	Excavator	Good	2
3	Wheel loader	Good	2
4	Vibrating roller	Good	10
5	Handle held vibrating roller	Good	4
6	Plate compactor	Good	4
7	Concrete mixer	Good	2
8	Concrete pump	Good	3
9	Concrete vibrator	Good	3
10	Slump cone for testing concrete	Good	3
11	Form work equipment	Good	4500m2
12	Hammer drill	Good	2
13	Generator	Good	1
14	Water tank	Good	2
15	Water pump	Good	2
16	Drilling machine	Good	2
18	Tower crane	Good	45 Meters high
19	HOWO Trucks	Good	5

**NB: ADDITIONAL EQUIPMENT AND TOOLS ARE HIRED BASED ON PROJECT REQUIREMENTS**

### OUR CLIENTS AND COMPLETED PROJECT

Genesis and Gilgal Construction specialized in engineering services and our customers are the one who want to transform ideas into built infrastructure.

#### **Our Clients are:**

##### **Individuals**

Residential house

General construction activities for individual level

##### **Companies**

Office building

Fuel station construction

Apartment construction

Construction for company level

##### **Industries**

Construction for company level

##### **Government**

Public projects construction and management

Construction at government level

## COMPLETED PROJECTS

Genesis and Gilgal construction since 2010, we have worked on many engineering projects on different levels and capacity.

We constructed personal residential houses, apartments, industries, warehouses, fuels station, mixed use buildings and many others.

The following pictures are showing different projects we have worked on:

## MIXED USE BUILDINGS AND OFFICES

PROJECT NAME: ICYEREKEZO GATSATA  
LOCATION: GASABO - GATSATA  
CLIENT: ICYEREKEZO COOPERATIVE

PROJECT NAME: GENESIS AND GILGAL HEADQUATER  
LOCATION: KIGALI - REBERO  
CLIENT NAME: GENESIS AND GILGAL

PROJECT NAME: WORLD RELIEF  
LOCATION: KIGALI - KACYIRU  
CLIENT NAME: WORLD RELIEF

PROJECT NAME: GOLDEN PLAZA  
LOCATION: KIGALI - KACYIRU  
CLIENT NAME: MUKEKA EDWARD

## FUEL STATIONS

PROJECT NAME: GAS OIL STATION  
LOCATION: KIGALI - KINAMBA  
CLIENT NAME: GAS OIL

PROJECT NAME: TOTAL ENERGIES STATION  
LOCATION: KIGALI - KACYIRU  
CLIENT NAME: TOTAL ENERGIES

PROJECT NAME: SP FUEL STATION  
LOCATION: KIGALI - KABEZA  
CLIENT NAME: SP

PROJECT NAME: RUBIS FUEL STATION  
LOCATION: KIGALI - REBERO  
CLIENT NAME: RUBIS

PROJECT NAME: RUBIS FUEL STATION  
LOCATION: KIGALI - REMERA  
CLIENT NAME: RUBIS

PROJECT NAME: TOTAL ENERGIES FUEL STATION  
LOCATION: KIGALI - POISLOURDS  
CLIENT NAME: TOTAL ENERGIES

PROJECT NAME: SP FUEL STATION  
LOCATION: KIGALI - GATENGA  
CLIENT NAME: CB

PROJECT NAME: ORYX FUEL STATION  
LOCATION: KIGALI - GIKONDO  
CLIENT NAME: ORYX

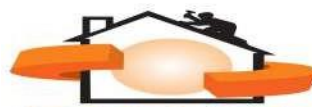

PROJECT NAME: SteelRw industry Renovation and enlargement

LOCATION: RWAMAGANA

CLIENT: SteelRW Industry

PROJECT TYPE: RESIDENTIAL VILLA

LOCATION: KICUKIRO - REBERO

CLIENT NAME: NZARAMBA

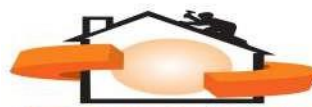

PROJECT TYPE: RESIDENTIAL APPARTMENT

LOCATION: GASABO - REMERA

CLIENT NAME: LYDIVINE

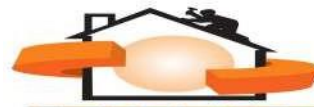

PROJECT TYPE: RESIDENTIAL VILLA

LOCATION: GASABO - KIBAGABAGA

CLIENT NAME: PEACOK GROUP LTD

TYPE OF PROJECT: FUEL STATION

LOCATION: KICUKIRO - GAHANGA

CLIENT NAME: ORYX GROUP

## OTHER RELATED PROJECTS IMPLEMENTED

- GAS OIL Station Muhima
- GAS OIL Station Inyange
- GAS OIL Station Muhanga
- GAS OIL Station Shyorongi
- SOURCE OIL Station KACYIRU
- SOURCE OIL Station MUHIMA
- SOURCE OIL Station KAYONZA

## APARTMENTS AND VILLAS

PROJECT NAME: PCG APARTMENTS

LOCATION: KIGALI – GISIMENT

CLIENT: PCG APARTMENTS

PROJECT NAME: JYOTWE NIBOYE Apartments

LOCATION: KIGALI – NIBOYI

PROJECT NAME: PREMIER HOLDING

CLIENT NAME: PRIMIER HOLDING

PROJECT NAME: CORNERSTONE

LOCATION: KIGALI- GIKONDO

CLIENT NAME: CORNERSTONE

## OTHER RELATED PROJECT IMPLEMENTED

- MUSAFILI EMMANUEL
- MUTSINI GUARD - REMERA
- KALIMBA KISEMENTI
- MUSIME KENNETH
- BUGOROLI LUXURY APARTMENTS
- ALICE KIBAGABAGA

## SHOW ROOMS

PROJECT NAME: RWAHAMA SHOW ROOM

LOCATION: KIGALI – KIMIRONKO

CLIENT: RWAHAMA

## CHURCH AND RELIGIOUS INSTITUTIONS

PROJECT NAME: RAPIAM CHURCH

LOCATION: KIGALI – GATSATA

CLIENT: RAPIAM

## OTHER RELATED PROJECTS IMPLEMENTED

- Patrick Joshua
- Nyamirambo-Gitega Mosque

## CURRENTLY ONGOING PROJECTS

Genesis and Gilgal Construction is now current working on other different construction and engineering projects such Oryx fuel station rebero construction and SteelRW industry enlargement and renovation.

TYPE OF PROJECT: RESIDENTIAL APARTMENT

LOCATION: GASABO - GISOZI

CLIENT NAME: BAPTISTE & JEANNETTE

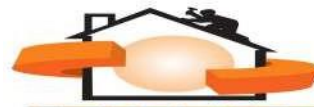

PROJECT TYPE: RESIDENTIAL APPARTMENT

LOCATION: KICUKIRO - REBERO

CLIENT NAME: MUSAFIRI D

PROJECT TYPE: RESIDENTIAL TWIN VILLA

LOCATION: GASABO - GACURIRO

CLIENT NAME: MEHARI BERHE TSEGAY

## PROJECT DETAILS

The following tables highlight specifics about projects completed or ongoing

<b>Contract No. 1</b>	Project Type: <b>Petrol Station</b>	Location: Kanyinya/Nyarugenge
Date of Award : February/2014	Date of completion: July/2014	Comments: Handed over
Developer/Client: Gas-oil	Financing: Self	Project cost: <b>574,896 USD</b>
Role in the contract	Contractor: Yes Supervisor: No	Sub-Contractor: No
Description of the project.	Construction of a Petrol Station.	

<b>Contract No.2</b>	Project Type: Petrol station	Location: Kacyiru/Gasabo
Date of Award : June/2013	Date of completion: December/2013	Comments: Handed over
Developer/Client: <b>Source OIL</b>	Financing: Self/Bank	Project cost: <b>760.400 USD</b>
Role in the contract:	Contractor: Yes Supervisor: No	Sub-Contractor: No
Description of the project.	Construction of a Petrol station and commercial building.	

<b>Contract No.3</b>	Project Type: <b>Petrol Station</b>	Location: Kanimbla/Kacyiru
Date of Award : July/2013	Date of completion: December/2013	Comments: Handed over
Developer/Client: <b>SOURCE OIL</b>	Financing: Self/Bank	Project cost: 269,417 USD
Role in the contract:	Contractor: Yes Supervisor: No	Sub-Contractor: No
Description of the project.	Revamping of a Petrol Station	

<b>Contract No.4</b>	Project Type: <b>Gas Station</b>	Location: Kabeza/Kanombe
Date of Award : April/2017	Date of completion: August/2017	Comments: Handed over
Developer/Client: <b>NAMBAJIMANA FRANCOISE/SP</b>	Financing: Self	Project cost: 418,000 USD
Role in the contract:	Contractor: Yes Supervisor: No	Sub-Contractor: No
Description of the project.	Construction of Petrol station	

<b>Contract No.5</b>	Project Type: Petrol station (Renovation)	Location: Gikondo/Kicukiro
Date of Award : January/2021	Date of completion: April/2021	Comments: Handed over
Developer/Client: <b>ORYX ENERGIES</b>	Financing: Self	Project cost: 79,000 USD
Role in the contract:	Contractor: Yes  Supervisor: No	Sub-Contractor: No
Description of the project.	Revampage of a Petrol Station	

<b>Contract No.6</b>	Project Type: Petrol station	Location: Muhima/Nyarugenge
Date of Award : May/2016	Date of completion: December/2016	Comments: Handed over
Developer/Client: <b>GAS OIL</b>	Financing: Self/Bank	Project cost: <b>704,876 USD</b>
Role in the contract:	Contractor: Yes Supervisor: No	Sub-Contractor: No
Description of the project.	Construction of a petrol station, with canopy institution, Underground tank installation and Parking.	

<b>Contract No.7</b>	Project Type: Commercial building	Location: Rebero/Kicukiro
Date of Award : October/2021	Expected Date of completion: July/2022	Comments: Handover
Developer/Client: MG	Financing: Self	Project cost: 879,903,354 Rfw
Role in the contract:	Contractor: Yes  Supervisor: No	Sub-Contractor: No
Description of the project.	Construction of 3 Store yed. All floor Levels are mixed use comprising concrete structure in filled with concrete blocks, aluminum cladding and curtain walling, , Air condition control, CCTVs, security, fire and safety Fittings, windows and doors finishes, external work and fencing.	

<b>Contract No.8</b>	Project Type: Commercial building	Location: Rebero/ Kicukiro
Date of Award : October/2021	Expected Date of completion: July/2022	Comments: Handover
Developer/Cli ent:MG	Financing: Self	Project cost: 879,903,354Rfw
Role in the contract:	Contractor: Yes  Supervisor: No	Sub-Contractor: No
Description of the project.	Construction of 3 Store yed . All floor Levels are mixed use comprising concrete structure in filled with concrete blocks, aluminum cladding andcurtain walling, , Air condition control, CCTVs, security, fire and safety Fittings, windows and doors finishes, external work and fencing.	
	Project Type: Petrol Station	Location: Remera/ Gasabo

<b>Contract No. 9</b>		
Date of Award : May/2022	Expected Date of completion: October/2022	Comments : Handover
Developer/Client: <b>Rubis Energy Rwanda LTD</b>	Financing: Self	Project cost: 798,903,354Rfw
Role in the contract:	Contractor: Yes  Supervisor: No	Sub-Contractor: No
Description of the project.	Construction of a petrol station, with canopy installation, Commercial building, service bay, Underground tank installation and parking	

## INTRODUCTION OF NEW CONSTRUCTION TECHNOLOGY

As technology increases Genesis and Gilgal construction in partnership with American company called AHN (Affordable Human Needs) have introduced new technology in construction called **Earth Bag Construction**.

### What is earth bag construction?

Earth bag construction is an inexpensive building method using mostly local soil to create structures which are both strong and can be quickly built.

Genesis and Gilgal construction is the only and first African construction company to introduce this system which is applicable in Africa, Asia and all over the world.

Currently we are constructing 2000 affordable homes in Manipur state in Imphal city.

Our dream is to change communities by providing safe homes for the poor people. The new construction technology is to also conserve nature through environmental protection.

The following photo is showing where this earth bag technology has been applied.

**KIGALI/ RWANDA / KARURUMA**

## UGANDA/ KAMPALA

## INDIA, MANIPUR STATE / IMPHAL CITY

### Other information about earth bag technology

- Innovative technology used in Earth bag construction, a patent of our Company.
- Model houses have been done and presented to local government for adoption under its Low cost housing model grand plan.
- Currently we are constructing 2000 affordable homes
- Houses constructed with this technology can last up to more than 100 years
- This technology is applicable and available everywhere in Africa and worldwide.

## LOCATION AND CONTACT

Genesis and Gilgal Construction Headquarters in the capital of Rwanda-Kigali, our company's main business is in Rwanda. As one of expanding leading construction companies in Rwanda, through other partnering and joint venturing, we have opened more operations in other countries. These among them include subsidiaries in Uganda, Kenya and India. The key area of operations in these countries is based on specialized construction technology.
